

AHMED HIGAZI ALBUSHRA

Senior Odoo Functional Consultant | Presales & Solution Consulting | ZATCA Phase 2

Riyadh, Saudi Arabia | +966 50 703 0268 | ahmedhigazi7@gmail.com | linkedin.com/in/ahmed-higazi-albushra-162650153

Portfolio: ahmedhigazi.github.io/Portfolio

PROFESSIONAL SUMMARY

Senior Odoo functional consultant with 8+ years across presales and delivery: requirement discovery, customized Odoo demonstrations and POCs, gap analysis, solution design, RFP responses, SOWs and effort estimation, through to implementation and go-live. Hands-on with Accounting, Sales, CRM, Purchase, Inventory, Manufacturing, POS, Project and HR, and with Saudi VAT and ZATCA Phase 2 e-invoicing. Delivered Odoo 15–19 programs for Saudi government and private-sector clients. Clearly separates standard functionality, configuration, customization and third-party options when scoping solutions. Odoo-certified (v15, v16, v17). Arabic native, English fluent.

ODOO MODULES & EXPERTISE

Presales	Discovery meetings, requirement workshops, customized Odoo demonstrations and POCs, RFP/tender responses, technical proposals, price quotations, scope documents and SOWs, effort estimation, presales-to-implementation handover

Technical	Python, PostgreSQL, Odoo customization feasibility, Odoo.sh, GitHub, ClickUp

PROFESSIONAL EXPERIENCE

Odoo Technical & Functional Specialists Supervisor

Ejad Altaqnia for Information Technology (EjadTech) | Riyadh, Saudi Arabia | Aug 2023 – Present

- Lead functional delivery and presales solutioning for Odoo 15 and 17 programs for government clients — Food Security Authority, National Center for Waste Management (MWAN), Najran Emirate and the Syrian Ministry of Local Administration and Environment — from discovery to go-live.
- Run requirement workshops, customized Odoo demonstrations and POCs for client stakeholders to validate proposed solutions before build.
- Write structured user stories and acceptance criteria for e-services portals (e.g., MWAN hazardous-waste destruction certificates) and run clarification sessions between client stakeholders and developers.
- Configured purchase-request, stock-request and fleet workflows for a ministry client on Odoo 17, including Arabic translations and an official-letterhead QWeb report.
- Designed an in-house analytics and reporting solution for an Odoo 15 government deployment under a strict no-external-API constraint, with a phased work plan, UAT scenarios and NFR compliance evidence.
- Produce Arabic user manuals and training material (electronic archiving at Najran Emirate, MWAN e-services) to drive user adoption.

Senior Odoo Techno-Functional Consultant

TeleNoc IT Services and Solutions | Riyadh, Saudi Arabia | May 2022 – Aug 2023

- Supported presales by preparing technical proposals and price quotations for prospective Odoo clients, defining proposed modules, scope and assumptions.
- Conducted discovery workshops, customized Odoo demonstrations and POCs for prospective clients during the sales cycle.
- Delivered Odoo consulting, configuration and functional support for clients across multiple sectors.
- Analyzed client business processes, wrote modification specifications for the development team, and trained end users.

Odoo Project Manager

WAY FOR IST | Riyadh, Saudi Arabia | Aug 2021 – May 2022

- Managed Odoo project scope, timelines, stakeholder communication, development-team coordination and client handover.
- Led client workshops, Odoo demonstrations and POCs to confirm requirements and scope.

Odoo Developer Lead / Odoo Developer

End to End | Sudan | Jan 2019 – Oct 2021

- Promoted to Developer Lead (Dec 2020); led Odoo development and ERP implementation activities and coordinated team responsibilities.
- Translated client requirements into functional and technical Odoo deliverables across multiple business domains.
- Prepared and delivered Odoo demonstrations and POCs for clients.

Software Engineer

More Fix Solution | Khartoum, Sudan | Apr 2018 – Dec 2018

- Built a university ERP system end to end, from requirements gathering through deployment.

SELECTED PROJECTS
